

NE 85th St. Station Area Plan Listening Session May 26

Important! Here's your chance to talk directly to the Kirkland City Council regarding your concerns/comments about the NE 85th Station Area Plan and its effect on the Everest Neighborhood!

Save the Date! NE 85th St. Station Area Plan Listening Session May 26

The City Council invites anyone who lives, works, or plays in Kirkland to share your thoughts about the NE 85th St. Station Area Plan at a special meeting of the Council on Wednesday, May 26. Over the past several months, community members have provided ideas and feedback on the future of the Station Area, and we want to hear more! The listening session will provide an opportunity to voice your opinion directly to the City Council and provide them with input before the next phase of the project begins.

Please join us for the Virtual City Council Listening Session on May 26, 2021 from 7 p.m. to 8:30 p.m. via Zoom. To make sure the City Council hears from as many speakers as possible, comments will be limited to 2-3 minutes. Learn more about the project and watch for further event details on the project webpage: www.kirklandwa.gov/stationareaplan.
